OUR COMMUNITY IS A GATEWAY

to a celebrated life.

Our senior care services are personalized for every community member to enhance their quality of life and to provide you, their family, with peace-of-mind.

Based on the latest research, our programs incorporate art, music, and exercise, along with the health benefit of being outdoors, all while nurturing the spirit. We've created a special and unique community that treats everyone with the highest respect and dignity.

We provide events and opportunities for family celebrations, intergenerational activities, and classes to enlighten and educate. You will often find our active residents either enjoying one of our Life Enrichment Programs or socializing and engaging with friends. Our community encompasses courtyards, walking paths, gardens, comfortable sitting areas, activity/programming areas, and a chapel.

Our Memory Care Neighborhood is designed for adults who are in the moderate to later stages of dementia and need more care. It includes a high caregiver ratio to help provide our residents with the highest quality of care.

At St. Anthony's, our focus is on ensuring residents have a delightful experience, every day! We believe expressions of hospitality should come in big and small ways. Welcome home to St. Anthony's Senior Living!
